

# CESSNA CITATION BRAVO

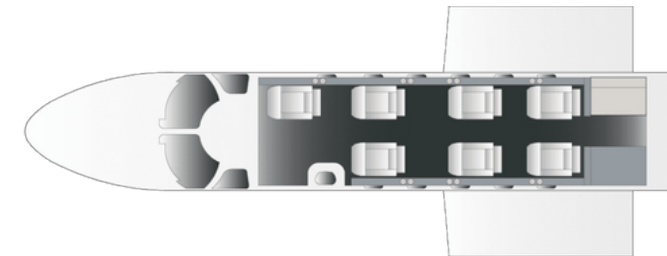

QUOTE ME

## THE AIRCRAFT

The Citation Bravo offers a step up in cabin space from a VLJ and is one of the most cost-effective small jets to charter, when traveling with a group of up to 7-8 people. The aircraft cabin is very comfortable, has a hot and cold beverage area as well as a well equipped mini-bar. Externally the aircraft has a spacious baggage capacity.

## THE INTERIOR

The Cessna Citation Bravo, built on the reliable Citation II airframe, introduces significant upgrades including Pratt & Whitney Canada PW530A engines and a Honeywell Primus 1000 glass cockpit. Each PW530A engine delivers 2,887 pounds of thrust, enabling a maximum operating altitude of 45,000 feet and a cruise speed of approximately 400 KTAS. The aircraft features a trailing link main landing gear for smoother landings, a standard across the Citation line. Inside, the Citation Bravo offers a cabin volume of 278 cubic feet, typically accommodating eight passengers and two crew members, ensuring a comfortable and efficient flight experience.
